

Dear Parents,

Hello from all of us at Innovate, we're delighted to be running the restaurant at **Kenyngton Manor Primary** and we can't wait to get started!

We'll be up and running from Wednesday **4th September 2024** to kick start the new year. Our aim, along with the School, is to provide an exceptional catering experience and to become a valued part of your fantastic community.

Food wise, we're excited to announce that we'll be providing:

- > Nutritious daily hot main meals
- > Plenty of variety with our three-week menu
- > A menu that fully meets the Government's Nutritional Standards
- > Local, fresh and seasonal ingredients
- > Exciting theme days

What we're all about

Freshly prepared food with exciting menus that our customers love to eat. It's that simple. We like to serve firm favourites while also introducing some exciting twists and dishes so that the children can explore new things and broaden their culinary horizons.

Once you've tried our service, let us know what you think. Drop us an email on **primary@impactfood.co.uk**, we're always happy to hear your feedback on our service.

We look forward to meeting you soon!

Peter Butterworth
Senior Regional Operations Manager
